

PEACE OFFER BY HITLER RUMORED NAZIS OVERWHELM POLAND; WARSAW ENCIRCLED, TO FALL

CONSTITUTION DAY

On the eve of Constitution Day it would be well for us to check up and see if we have the proper knowledge and appreciation of, and respect for the Constitution of the United States. And especially is this true when the world drift is away from constitutional government and toward dictatorship.

The Constitution was not written by one man nor in one day. But after almost four months of deliberation during which time arguments were exchanged and great conflicts of opinion were voiced, a compromise was reached and the Constitution of the United States was signed on September 17, 1787, in Independence Hall, Philadelphia by such men as George Washington and Benjamin Franklin. No other document like it had ever been written in the world.

In general, it provides for the Legislative, Executive, and Judicial Departments of government, defines the powers granted to the States, the Federal Government, and to both. It is the basic law of the United States and supersedes all other laws, both Federal and State and it sets aside all other laws that are in conflict with it. In short, it provides for and motivates the Federal Government itself.

The people of the United States should be grateful for such a document under which to be governed, because the Constitution alone stands between them and a dictatorship and persecution. Any government other than a Constitutional government is a government by decree by one or a government by law, and is usually a government by decree by one of a few men who rule with an iron hand.

A few over-ambitious presidents of the United States have chafed under the Constitution, and usually their tactics have been to inveigle submissive Congresses into passing legislation authorizing them to "pack" the Supreme Court, since the Supreme Court passes on the constitutionality of legislation that is contested. But it has withstood all of these onslaughts through one hundred and fifty-two years, and has never yet been nullified to any effective degree.

The Constitutions of all other republics that have been set up in the world, since our constitution was written, have been modeled after ours. That fact alone should command our respect and loyalty.

BIG DAYS AHEAD AT CAMERON THEATRE

Cameron Theatre was in the lime-light for outstanding entertainment over the week end beginning today and continuing through Friday night with "Wuthering Heights," with Merle Oberon and David Niven.

This picture is highly rated in the movie review of the nation's productions. On Saturday "Kid From Kokomo" with Pat O'Brien and Joan Blondell, opens at the Cameron Theatre. The preview picture for Saturday is one of the outstanding films of the month, "Girls on Probation."

On Sunday is the big event, "Andy Hardy Gets Spring Fever." Needless to say movie goers know in advance this means Mickey Rooney and Lewis Stone in another one of those nation-wide approved comedies of which there has been a series produced. Get set for a big laugh, forget the war and go out and have a good time Sunday and Monday at the Cameron Theatre.

The Robbins twins, daughters of Mrs. Katherine Robbins, are teaching school this year. Miss Louise is teaching at Sharp and Miss Lois is a member of the faculty at Woodville.

The capture of Warsaw by the German army was forecast today when it was announced by the German High Command that the city had been entirely surrounded and Polish armies cut off from supplies and communications.

The Polish sea Port of Gdynia surrendered to the German army today thus ending warfare in Danzig and the Polish Corridor.

Early collapse of Poland was also forecast in dispatches reported by International News Service from abroad. The German armies continued to advance in southeastern Poland.

The broadcast from Berlin today said that Russia was mobilizing strong forces on the southern Polish frontier. It was said in Berlin that the ultimate intention of Russia was not known.

A usually well informed source said that the belief is growing that Russia and Germany have reached an agreement for partition of Poland as a major part of the present Polish nation was taken away from Russia after the World War.

Adolf Hitler was said by International News Service, broadcast to have made a careful plan to offer peace to France and England after the capture of Warsaw and that President Roosevelt would be asked to negotiate this peace. If the German leader makes this move, it will place the American government in a difficult position and unless the German terms are agreed to, it was apparent that Hitler was attempting to make the United States responsible along with Britain and France for continuation of the war.

On the western front, although the French continued to advance the Germans were increasing their resistance and in the Moselle Valley along a portion of the front, the French had been stopped.

MRS. JOHN TOMASCIK DIES AT BUCKHOLTS

HOYTE SCHOOL OPENS

NEW CHEVROLET FOR 1940 IS ANNOUNCED

R. G. Grabein the local Chevrolet dealer, has just returned from a meeting held in Houston where R. W. Hill, Regional Manager, and C. B. Smith, Houston Zone Manager, outlined policies for 1940.

Mr. Hill and his staff called to the attention of those present the fact that Chevrolet was doing its part to stimulate business and would continue an aggressive program to increase business in the future. According to the latest available records, Chevrolet and its dealers have had an increase in new car sales nationally of 40% over 1938. Mr. Hill gave all credit to Chevrolet's retail sales organization, and continued by pointing out the possibilities for the automobile industry in 1940. He stated that, with their new product for the coming selling season and their belief in better economic conditions, Chevrolet and its dealer organization will again have an appreciable sales increase in 1940 over 1939.

Mr. Hill explained the many new features that will be incorporated in the 1940 models, and all the dealers in attendance were highly pleased with the product that Chevrolet will offer the public in the coming year.

Mr. Grabein said that the Grabein Chevrolet Co., was now in process of making elaborate plans for the announcement.

Chevrolet's new 1940 passenger cars and trucks will be on display at all dealerships Saturday, Oct. 14.

WALZEL DECLARES HE DID NOT BOOST HITLER

Charles Walzel, said by an eye witness to the fight in which he took part on Monday night near the Richards Bar, to have made a statement in favor of Adolf Hitler, today asked a correction of a news story printed Thursday.

The Daily Herald has declined to make the correction based on information that Gilford Shuffield will make a part of his defense in court that Walzel provoked the fight by making the statement accredited to Walzel in the article of Thursday. Until proof is made of the correctness of both charges, the Herald will decline to make any corrections.

Newspaper courtesy will, however be observed and here is printed Mr. Walzel's statement.

"I have too much sense to make a statement like that because I live in this country. I have witnesses to prove I did not say anything like that."

CONGRESS SESSION TAKES TOLL OF TWO PROGRAMS FROM ROTARY CLUB

When President Roosevelt called a special session of Congress on Wednesday, the Cameron Rotary Club lost two splendid programs.

Stanley Swift, program chairman for Wednesday, September 20, was due to contact Congressman W. R. Ponge in Waco today to ascertain whether it would be possible for the congressman to be here since Congress is to convene on the 21st, and he would have only one day to reach Washington.

Mose G. Cox is in receipt of a letter from United States Senator Tom Connally accepting an invitation to address the Rotary Club at some convenient date this fall. This program too will be lost to the club because Senator Connally must also be in Washington. Many friends here of both members of Congress will be disappointed over the turn of events.

AD HALL BUS SCHEDULE

The Ad Hall School opens Monday morning for the 1939-40 session. The following bus schedules have been announced:

Mr. Gravender's bus will leave his mail box at 7:02 and arrive at school at 7:28.

The second bus will leave the school at 7:30, continue route on to Pettibone, turn around below Mrs. Urban's residence, then back to Pettibone, down highway to Mrs. Hurry's residence, where it will cross the railroad thence to Gelner farm through by Mr. Zurell's home on to Mr. Gerick's place and then to school.

Post greetings from Miss Ruth Kemp, who holds a position in Washington D. C., tell of the splendid outing that she has enjoyed while attending the Annual Assembly of the Methodist church at Camp Lake Junaluska, N. C. Miss Kemp went as a delegate from her church, Mount Vernon Methodist Place Church, and took active part on the program. She often appears on programs at this church and enjoys the church work in the capital city.

Schools Open With Large Enrollment

Cameron schools opened for the 1939 fall term with a total enrollment of 498.

Superintendent E. A. Perrin, Thursday morning said the senior class for 1940 graduation may be the largest in the history of the school, the probable number being 135 to receive diplomas.

Mr. Perrin, one of the outstanding school superintendents of Texas, in beginning another term as director of Cameron's educational system was getting away to his usual good start in perfecting organization and is receiving full co-operation in every department from the members of his able faculty.

There is a discouraging note in the 10th grade enrollment due to the fact that a large number of students formerly attending Yoe High School are now attending Buckholts because the 10th grade has been instituted again in the Buckholts school. The following figures were released by Mr. Perrin showing the divisions of enrollment.

Post graduate students, 22; senior class, 148; 10th grade, 100; 9th grade, 128; 8th grade 100.

The total enrollment of the high school is within a few students of the Class A division. If the transfers

Opens Schools

E. A. PERRIN

had been made from Buckholts territory as was true last year, it is probable the school would be in Class A division.

Class A for Cameron schools would be disastrous for football and athletic purposes because Cameron would have to compete with cities like Temple, Waco and Austin.

YOEMEN TO SCRIMMAGE WITH MCGREGOR FRIDAY

Football for 1939 will get under way here Friday night, September 15, when the Yoemen entertain the McGregor team in a scrimmage.

The Yoemen will be seen in action for the first time this season. They have been undergoing serious training for more than a week by Coach Bennett and the game on Friday night has no conference standing but

is merely a practice turnout for both teams.

McGregor is scheduled to become regional champion this year. Coach Wood, former coach at McGregor, is seriously ill and in all probability will not be able to be on the sidelines Friday night.

There will be no admission charge for the game.

PHRAENOLOGIST HERE

Madam Williams, phraenologist has leased temporarily the building formerly occupied by the Community Natural Gas Company and will be in Cameron for several weeks.

Mrs. Robert Kleypas of Clarkson is visiting her daughter, Mrs. Ed Krause of Rockdale for the next few days.

Mr. and Mrs. Worthy Sykes left the city early today for Montgomery, Ala., where they will be at the bedside of Mr. Sykes' brother, Will Sykes, who is critically ill.

The many friends, of Mrs. T. S. Henderson, who has not been well during the hot summer, will be pleased to learn that she is now rapidly improving and will soon be out with her friends.

Rotary Hears Motto "Service Above Self" Praised Wed.

Service above self, the motto of Rotary, was said by W. T. Bradbury of Cleburne Wednesday in an address to the Cameron Rotary Club, to be the most important declaration ever made by man in his theory of good ethics as interpreted by the service club.

For fifteen minutes the Cleburne man and noted Pythian fraternalist gave an inspirational interpretation of service as expounded by Rotary International. More than thirty members and guests heard the Cleburne man give his interpretation of service. If the world today could bring itself to the point of adopting for translation this relation of one nation with another, there would be no wars and men would succeed to their ultimate position of maintaining an ideal society, said the speaker.

Mose G. Cox was program chairman for the day and introduced Mr. Bradbury along with two other visitors from Cleburne, paying high tribute to the speaker.

Guests for the day included Judge Graham Gillis, Judge Jeff T. Kemp, J. M. McLean, Keeper of Records and Seal for the Knights of Pythias Lodge, and others.

John Sapp of the Sapp Motor Company was introduced as a new member being assigned to an important major classification in the Rotary Club.

The names of two other members lacking only the formalities of club approval, were announced making a total of three members for the month.

Program chairman, P. W. Davis and Mose Cox arranged a song for Dr. Clifford Swift, former president, who was smiling broadly over the arrival of his first born son, Clifford Gibson, III.

President J. B. White announced that District Governor, Charles Harritt of Conroe will visit the club on October 4. It was also announced that due to the fact that President Roosevelt had called a special session of Congress that United States Senator Tom Connally would not at this time be able to fulfill his engagement with the club. Stanley Swift was hopeful that Congressman Poage would be able to be in Cameron on September 20 to speak to the Rotarians and guests. He would be able to get to Washington in time for the opening of Congress.

CANARY PREFERS QUIET
OF CAGE TO HUM OF
SEWING MACHINES

A canary bird owned by Mrs. Fern Welsch, supervisor of the local WPA sewing project, evidently prefers the quiet and seclusion of a cage in the Welsch home to the hum of sewing machines or even the freedom of the outside world.

Mrs. Welsch reports that she took the bird from his cage at her home and placed him in a cage in the old school building where the sewing room is located. Sometime later the canary flew from the cage and outside to the tree tops. She tried in vain to catch the canary and finally decided she would never see him again. That night, said Mrs. Welsch, when she returned home the canary was perched on the side of his cage. He had evidently entered through a torn screen.

POPULAR JUDGE MARRIES
FORT WORTH COUPLE

County Judge Jeff T. Kemp's popularity as a marrying judge sometimes becomes annoying, especially when the judge is called out late at night only to find the couple has neglected to secure a marriage license and a doctor's certificate.

Judge Kemp said his telephone rang about 9 o'clock Tuesday evening and he was asked if he would perform a wedding ceremony. The judge promised he would read the vows when the necessary legal documents were obtained. Dr. Clifford Swift issued the health certificate, Miss Bessie Dunham in the office of the county clerk, issued the license and Judge Kemp performed the ceremony at the county clerk's office. The young people gave their names as Clifton Galbreath of Denton county and Miss Myrtle Kinnman of Fort Worth. Galbreath is now working in Rosebud but expects to move shortly.

Miss Dunham said it was a usual occurrence for her office and the county judge to be called on in similar cases, but they usually told them "they could wait until the next morning."

Mrs. Bill Burns has returned to Cameron after a visit in Houston.

women who build and operate Texas' telephone system. Last year this company's taxes were nearly 60 per cent higher than three years ago.

Aged Inmate of County Colony For The Poor Dies From Knife Wound Inflicted Wednesday

Ed Murray, aged inmate of Milam County's colony for the poor, located on the north city limits, died in a local hospital at 7:45 a. m. Saturday from a knife wound inflicted late Wednesday by Woodson Hawkins, another inmate of the poor house.

The aged men engaged in a fight Wednesday afternoon when Hawkins charged that Murray had gone to the caretakers of the farm and told them he had been walking about the farm

nude. Hawkins resented the alleged story told Mr. and Mrs. Lowe and accosted Murray on the front porch of the house where the poor live and when Murray seized a chair to hit Hawkins, he was severely cut in the right side. After Hawkins had cut Murray, it was said by officers here, Murray succeeded in knocking Hawkins from the porch with the chair. Deputy Sheriff Clarence McCall, who went to the colony, reported that Murray was immediately taken to

the Cameron hospital for treatment. At first his wound was not considered as likely to be fatal but due to the advanced age of Murray, coupled with shock and loss of blood, he succumbed at 7:45 a. m. Saturday morning.

Hawkins was placed in jail and held on a charge of assault with intent to murder. This charge will be changed to murder, it was said at the court house Saturday morning.

Breath Bad, Logy?

You May Need This

Just as the lighthouse flashes a friendly warning to sailors, so Nature sends out headaches, bad breath, biliousness, which often warn of constipation.

Too many misunderstand or neglect those symptoms and thereby may invite a host of constipation's other discomforts: sour stomach, belching, loss of appetite or energy.

Be wise. Take spicy, all vegetable BLACK-DRAUGHT tonight by simple directions and clear your bowels gently, promptly, thoroughly.

This intestinal tonic-laxative helps give tone to lazy bowels.

Its long life and popularity testify to BLACK-DRAUGHT'S merit.

BY THIEVES AT MILANO

A store owned and operated by Mrs. Welcome Woods of Milano was broken into Tuesday night by burglars who ransacked the building and got away with a stock of dry goods including men's work clothes, dress shirts, handkerchiefs, underwear and several cartons of cigarettes.

They emptied a sack of rice and took the sack in which they evidently placed their loot. They also took a sack from a small storage room at the back of the store. Officers reported no definite clues were found.

FARM CLUBS
NEWS

Dorothy Porter, County Home Demonstration Agent, Milam County, Cameron, Texas:

The laying flock of Rhode Island Red chickens belonging to Mrs. Alver Gravender, poultry production demonstrator in the Ad Hall community began production early in the fall of 1938 and laid heavily up to the hot months. They are now in molt and should be back in production soon. These chickens were hatched in March of 1938, which probably explains why they began to lay late enough to escape the fall neck molt and the falling off in production that accompanies it.

160 Anconas belonging to Mrs. Geo. Roberts, poultry demonstrator of the Tracy Home Demonstration Club have paid for their mash and growing mash for 125 pullets all summer, though they have not been in heavy production since early June. Besides the mash, they have had some green feed and plenty of clean water. They paid well through the fall and winter of 1938 and 1939, and are now about through the summer molt. The outlook for good production this year is excellent. The pullets are 5 months old and are just beginning to lay. Mrs. Roberts will have about 285 layers on the yard this season.

Five flocks at Clarkson were given typhoid-cholera vaccine this summer as some difficulty from this disease occurred in this vicinity last year.

Poultry raisers all over the county are learning to examine poultry and diagnose disease. While many still use remedies from doubtful sources, the number who are giving chicken disease intelligent attention grows at a gratifying rate.

Pullets have been raised separate from the flock by Mrs. Trudie Bounds, poultry demonstrator of the New Salem Home Demonstration Club. Mrs. Bounds built a range house and placed it in a pasture at a distance from the laying house. This range house will be used as a brooder house next spring.

When young stock can be separated from old, they have a better chance to become good, healthy layers. Old fowls are often carriers of diseases to which they have become immune but to which young fowls are susceptible.

FUNERAL SERVICES FOR GUY T. NEWTON HELD

Guy T. Newton, superintendent of public instruction for Milam county, was buried in Oak Hill cemetery Saturday morning, September 9, 1939.

Mr. Newton died suddenly at his home at 4 a. m. Friday, September 8, 1939, from a heart stroke. His health had declined for more than a year, although it was not generally known, even among his friends, that he had suffered a number of heart attacks.

Funeral services were held beginning at 10 o'clock a. m. at First Presbyterian Church with the pastor Rev. O. C. Acree delivering the funeral oration, assisted by Rev. Henry Bailey, pastor of the Mayfield Presbyterian Church, reading scripture.

Rev. O. C. Acree, reading from II Samuel, 3:38, used this passage for a text: "And the King said unto his servants, know ye not there is a prince and a great man fallen this day in Israel."

The central thought of the address by Rev. Acree was to emphasize the esteem placed upon the life of Guy T. Newton by his community. "The King remarked thus to his servants," said the pastor, "in speaking of a man who had been useful to his community and country, and who had died. A Prince and a great man has been lost. Mr. Newton was regarded as high as a Prince was regarded in Israel. The community home, church, educational and business world, has lost a great man."

Shortly before the funeral hour, all offices in the court house were closed. Members of the official family of the county had paid warm tribute to Mr. Newton and there was a great outpouring of friends from all sections of Milam county when the body was removed from the home in Cameron to First Presbyterian Church from which place it was taken to Oak Hill cemetery, arrangements being directed by the Leland Green Funeral Home.

A World War veteran, Mr. Newton was a member of Edwin Hardy Post No. 9 of the American Legion in Cameron. He was also a member of the Masonic Lodge. Neither of these organizations were officially represented at the funeral, the family arranging for a church service only.

A native born citizen of Milam county, the family has been prominent in the progress of this section for more than a half century. Mr. Newton brought to the office of county superintendent a wealth of understanding of rural people and rural problems and when he died, there was reflected in the tribute paid to him a monument of great height in the hearts of thousands of people who had found in him a true, faithful and loyal friend.

He is survived by his widow, Mrs. Marguerite Newton; two daughters, Doris and Nancy Jane Newton; one son, Joseph Newton; his mother, Mrs. E. J. Newton of Maysfield; six brothers, John C. Newton of Houston, Rev. Edgar Newton of Pine Bluff, Ark., Waley Newton of New Albany, Miss., Roy Newton, Lamar Newton and Gilliard Newton of Maysfield; two sisters, Mrs. Forrest Smith of Houston and Mrs. Ellis Mosley of Mayflower, Ark.

CONGRESS TO CONVENE THURSDAY, SEPTEMBER 21

President Roosevelt has called a special session of Congress to convene shortly before noon Wednesday.

In publishing the call of Wednesday, an error was made in the Little Daily and the date published as September 23. Congress will convene on Thursday, September 21, and not on September 23.

Revision of the present neutrality law will no doubt occupy the calendar of legislation during the special session. There was indication that the president would ask Congress to enact laws to prevent speculation and unwarranted price increases in food and other basic commodities.
